and hard-to-find destinations that are mostly within a two-hour drive of New lists—including Best for Fishing, Best for Families, and Best Hikes with a View—ensuring that both outdoors beginners and experts will find the campgrounds and trails to match their skill levels and interests. Complete with clear directions to each location, detailed destination descriptions, difficulty and quality ratings for each hike, and helpful maps, Moon Yosemite & Mammoth Lakes Camping & Hiking provides campers and hikers with all the necessary tools to head outdoors.

**Hiking the Road to Ruins** - David A. Steinberg - 2015-02-12

In this easy to use, informative, and occasionally eccentric guidebook, David A. Steinberg blazes the trail to more than twenty-five unusual landmarks and hard-to-find destinations that are mostly within a two-hour drive of New York City. Suitable for the experienced hiker or camping adventurer—as well as anyone who has the desire to explore—Hiking the Road to Ruins includes many new ruins and historic sites to see: remnants of the two World’s Fairs in Queens, mysterious stone chambers scattered about northern Westchester County, winter adventuring in Harriman, and quarries that contain amazing artifacts. In this new edition, Steinberg adds four additional chapters and has revised throughout the book to include detailed directions, GPS coordinates to specific sites, a hand-drawn map, and suggestions for the optimal time and season to visit. Having led many types of hikes and trips over the past fifteen years, Steinberg leaves no part of the trip unplanned. He even suggests ideal conditions for outings. An overcast day, for instance, sets up the haunted atmosphere appropriate for visiting a water tower in Mountainside, New Jersey, that has links to a murder-suicide in the 1970s. Newcomers will gain experience as they make their way through the book, which includes a chapter on equipment and safety, detailed instructions on how to program a hand-held Global Positioning System receiver, and a glossary of terms. Both a practical guide and a creative chronicle, Hiking the Road to Ruins will inspire everyone to hit the trail in search of adventure.

**Wild Roads Washington** - Seabury Blair Jr. - 2012-06-12

This choose-your-own-adventure guidebook is the first of its kind to take the easy hike offroading--and up forest roads into the lush landscape of Washington State. Most forest roads in Washington climb almost as high as

some of the most spectacular valleys, including the Val d'Hérens, Val  
Featuring 75 roads throughout the state, the author outlines hikes off of  
each route, whether you want to start by foot at the bottom or closer to the  
peak. Some of these roads are paved and designated Forest Highways,  
while others are rough, single-lane routes where wildlife and scenery  
outnumber vehicles.

**Chamonix to Zermatt** - Kev Reynolds - 2019-06-15

A guidebook to the classic Chamonix to Zermatt trek from Mont Blanc to the  
Matterhorn. The 225km Walker's Haute Route through the French and  
Swiss Alps crosses 11 passes, gains more than 14,000m in height and is a  
strong contender for the title of Most Beautiful Walk in Europe. The high-  
level route is described in 14 day stages, with optional variants, and is  
suitable for walkers with a good level of fitness and some previous alpine  
trekking experience. The final approach to Zermatt adopts the dramatic  
Europaweg, a high-level traverse of the east wall of the Mattertal, crossing  
the 500-metre suspension bridge above Randa. An alternative valley route  
to Zermatt can be taken if this does not appeal. Alongside clear route  
descriptions and mapping for each stage of the trek, there is essential  
practical information on travel to Chamonix and return from Zermatt, as  
well as advice on accommodation in alpine villages and mountain refuges,  
trekking safety, equipment, itinerary planning and preparation. Taking 2  
weeks to complete, this challenging but rewarding trek encompasses views  
of the greatest collection of 4000 metre peaks in the Alps - Mont Blanc, the  
Grand Combin, Dent Blanche, Weisshorn and the Matterhorn - and visits

d'Annivers and the Mattertal.

**Journeys North** - Barney Scout Mann - 2020-08-01

In Journeys North, legendary trail angel, thru hiker, and former PCTA board  
member Barney Scout Mann spins a compelling tale of six hikers on the  
Pacific Crest Trail in 2007 as they walk from Mexico to Canada. This  
ensemble story unfolds as these half-dozen hikers--including Barney and his  
wife, Sandy--trod north, slowly forming relationships and revealing their  
deepest secrets and aspirations. They face a once-in-a-generation drought  
and early severe winter storms that test their will in this bare-knuckled  
adventure. In fact, only a third of all the hikers who set out on the trail that  
year would finish. As the group approaches Canada, a storm rages. How will  
these very different hikers, ranging in age, gender, and background,  
respond to the hardship and suffering ahead of them? Can they all make the

you enjoy the park and tour Spencer and the surrounding Owen County some reach their breaking point? Journeys North is a story of grit, compassion, and the relationships people forge when they strive toward a common goal.

#### **Base Camp Las Vegas** - Deborah Wall - 2017-08-08

Situated in the heart of the magnificent Southwest, Las Vegas is surrounded by spectacular natural landscapes. Within easy reach are five national parks, including Zion, Grand Canyon, and Death Valley. Dozens of state parks, regional preserves, recreation areas, and public lands offer amazing variety, from sand dunes and salt flats to alpine meadows, waterfalls, and ancient forests. Unique plant and animal life as well as archaeology, paleontology, and fascinating Wild West history are all waiting to be discovered in this region, making Las Vegas an ideal basecamp: Hikers can enjoy solitude and unspoiled wilderness by day and world-class urban amenities by night. Base Camp Las Vegas includes 101 of the best hiking destinations within hours of Las Vegas. The author has hiked each of the 101 featured routes more than once, and she describes each in detail, including route, elevations, terrain, flora & fauna, and historical details. She notes the best season for enjoying each one, what to wear, and what to take along. She describes any hazards or inconveniences that hikers might encounter and rates the difficulty of each hike from easy to strenuous. She's also included an easy-reference guide to the top five hikes in a variety of categories including birdwatching, stargazing, wildflowers, wetlands, kid and teen favorites, most strenuous, and most remote. Base Camp Las Vegas tells hikers where and when to go--and also how to prepare--to enjoy the best trails this unparalleled region has to offer.

**Camping Washington** - Ron C. Judd - 2017-06-01

- More than 600 campgrounds • Now includes private campgrounds in areas where public facilities are lacking • New photographs throughout and greater detail on individual campsites You're planning an outing and gathering your gear or hitching up the trailer. To find the perfect campground you could go online and Google around for a couple of hours. Or you could just grab a copy of *Camping Washington*, 2nd edition and find what you're looking for—not too big, not too small, not too rustic, or more rustic than not—in a couple of minutes, vetted and recommended by a true expert with strong opinions. And while, yes, there probably is an app for that, sometimes a book is just better (no page loading, no scrolling, no password). This popular guidebook reviews and rates each campground so you'll know exactly what to expect, including useful details on campsite surfaces, degree of privacy, best and worst sites in a given campground, and nearby hikes, fishing spots, and other attractions.

**Caribbean Hiking** - M. Timothy O'Keefe - 2001

Want to Explore boiling lakes, cool off beneath pristine waterfalls, and indulge in real Caribbean cuisine? Then get out of the water, swap your swimsuit for hiking shorts, your flip-flops for walking shoes, and get into the islands. As your hiking guide, M. Timothy O'Keefe takes you beyond the clamor and commercialism into the heart and soul of the largely ignored hinterlands of 30 spectacular islands. A 30-year veteran of the Caribbean, O'Keefe not only details hundreds of hikes, he also lays bare the practical points of being a visitor to the islands rather than a tourist. No matter which island you visit, *Caribbean Hiking* makes it easy for you to enjoy the laid-back tropical atmosphere while you hike the many exotic jungles, mountains, and beautiful beaches that beckon the curious and adventurous traveler. Book jacket.

**Environmental Impacts of Ecotourism** - Ralf Buckley - 2008

All forms of tourism have impacts on the natural environment. The impacts of ecotourism tend to be concentrated in areas of highest conservation value, hence the need to manage and minimize these. The book considers impacts of particular activities, such as hiking and camping, off-road vehicles, and recreational boats, and impacts specific to certain ecosystems (e.g. marine environments, polar coasts, mountain environments.) It incorporates reviews of better-studied impacts by well-known experts; and case studies of recent research and less well-known issues.

#### **Washington's Pacific Coast** - Greg Johnston - 2015

\* Best hiking trails, campsites, fishing spots, paddle routes, beachcombing, and more \* Trip and activity options include related natural history information \* Includes Olympic National Park's spectacular 70-mile-long wilderness beach strip A wild ocean snuggled up to a wild land in the furthest corner of our Lower 48 states--the Washington coast is a unique adventure destination and this new guidebook covers all 157 miles of it. Whether you're out for a single day of salt air and sand castles, or a week long backpack with surf lulling you to sleep at night, you'll discover your best options with Washington's Pacific Coast. Author Greg Johnston has had a long and intimate relationship with this coast, and his voice is distinctive, passionate, often opinionated, and clearly knowledgeable. His authoritative guide provides detailed, fun, and family-friendly activities, as well as expansive information, history, and geology. (If Captain Cook passed by where you are, this guide will tell you--and make the trip feel all the more satisfying.) In addition to numerous hiking options--including some never-

public parks, campgrounds, fishing and clamming spots, paddling options, and the best beachcombing destinations. In addition to describing the abundant outdoor recreation opportunities, Johnston also delves into the rich cultural and natural history of the coast, as well as practical details such as tsunami preparedness, Leave No Trace practices, weather and ocean beach precautions, and more.

#### **Desert Sense** - Bruce Grubbs - 2005-01-10

·Techniques for traversing desert terrain-by vehicle, by mountain bike, or on foot  
·Strategies for comfort, safety, and survival in extreme conditions  
·Selecting gear and equipment for this special environmentLike any desert

wilderness, camping under the stars, and exploring the backcountry offer to carry it, how to conserve it, and how to find it in the backcountry. But desert exploration involves much more. Grubbs provides the knowledge and skills you need to move through this landscape with confidence. In addition to techniques for hiking and mountain biking special to desert conditions, Grubbs tells how to prepare your vehicle for remote desert roads and how to avoid getting stuck in sand or busting a tire. He discusses navigating in the desert, "dry camping" skills, and techniques for minimum impact on this starkly beautiful but fragile environment. There are tips for dealing with desert heat-and cold-and other challenges (sharp spiny plants and venomous snakes are easy to avoid with a little preparation and know-how). But just in case, Grubbs troubleshoots the worst-case scenarios. Throughout, he gives an understanding of desert climate and seasons, and the unique plants and creatures at home in it.

**Desert Sense** - Bruce Grubbs - 2005-01-10

- Techniques for traversing desert terrain-by vehicle, by mountain bike, or on foot
- Strategies for comfort, safety, and survival in extreme conditions
- Selecting gear and equipment for this special environment

Like any desert aficionado, Bruce Grubbs is obsessed with water: how much to bring, how to carry it, how to conserve it, and how to find it in the backcountry. But desert exploration involves much more. Grubbs provides the knowledge and skills you need to move through this landscape with confidence. In addition to techniques for hiking and mountain biking special to desert conditions, Grubbs tells how to prepare your vehicle for remote desert roads and how to avoid getting stuck in sand or busting a tire. He discusses navigating in the desert, "dry camping" skills, and techniques for minimum impact on this starkly beautiful but fragile environment. **The Appalachian National Scenic Trail** - Charles H. W. Foster - 1987

In 1968, management of the Appalachian Trail shifted from control by an informal alliance of private-citizen volunteers to a designated responsibility of the National Park Service. To protect it from adverse development, Congress had made the trail part of the national park system and endorsed an unique private/public cooperative management system involving scores of private organizations and public jurisdictions. The volunteers still have the lead role in defining the work, but public agencies have the accountability. This June 1987 history is the inside story of how the pieces of that puzzle were put together, by the chairman of a group of volunteers and state-appointed officials that crafted this model of private/public stewardship of public recreational lands.

**The MeatEater Guide to Wilderness Skills and Survival** - Steven Rinella - 2020-12-01
